Date of decision: 7 November 2023

4. Conditions and Recommendations for the Institution to address

The Institution is required as a condition of accreditation to:

The Institution is recommended to:

1. Assign the ground keepers to conduct monthly safety audits covering, for example, trip hazards on walkways.
 2. Explore the possibility of increased student representation through either a formal Student Council or more informally as the local political environment dictates.
 3. Explore the use of ethical and professional agents to assist in student recruitment.
 4. Attend and present at more international conferences
 5. Develop more active international partners for credit transfer to enable increased student mobility
 6. Strive for a higher world ranking for the faculty.
-
1. Develop a plan to obtain and/or increase QS star ratings for internationalisation.
 2. Increase the SEO functionality of the website for more effective
 3. In order to improve pedagogical and academic management effectiveness we recommend contacting Harvard School of Education and Advance HE in the United Kingdom. ASIC is able to assist with this endeavour.
 4. Attend and present at more international conferences.
 5. Develop more active international partners for credit transfer to enable increased student mobility.
